**Miscellaneous:**

**In Denmark we have decreased the classes and encouraged the Track Day organizers to be a part of the National series by having a event together with TD. This is still new but we expect it to become bigger in the future. Our goal was to have more licensed riders and to make the economy better for all parts. We have seen in 2009 that the numbers of participants in the events and in the TD are decreasing and we see this as a result of numbers of events and TD together with the world economy as one reason. Due to this we have lost one arranging club in Denmark and track owners as well as riders, FMN and track day owner have lost money.**
