Iceland

- Number of national events 1 snowcross (first race since 2007)
- Number of FIM events 0
- Number of Licensed riders (over 20)
- Number of national competitors EC 0
- Number of national competitors WC 0
- Discipline increase
- miscellaneous Next year will have two race, trying to get snowmobile racing bigger

5. Minutes from the 2015 Nordic meeting

- There had been good talk about the nordic championship snowcross. Finland was suppose to have the race in Rovaniemi but changes in the calendar made other events to the same weekend and Nordic Championship was cancelled. This year race is in Norway, and there will be four classes; junior 14-16, women, stock and open. There will be three different races; individual, team and nations. Each country can have 4-5 riders in every class. Can Estonia participate to Nordic Championship? There will be no qualifications and 3 heats to each rider.

6. Proposals and subjects received from the Nordic Federations

World championship

- proposal to race 10 minutes +2laps heats with three different rounds. Only one World Championship race per year.
- Season 2017 Sweden will have the WC 1.4 in Älvsbyn. Svemo has a meeting in 15.10 when they make the final decision about the race
- WC has to be every year after the ISOC season in the end of march or beginning of april
- 2017 drive at the same place EC and WC, but after this season can decide to have separate races.
- One pipe rules to season 2018, Sweden and Norway do not want that rule to come so short notice to becoming season 2017.

- Junior 11-14 technical rules has to change because fancooled sleds are not made anymore. Need to try to find an easy way to get sled suitable for juniors without too many technical changes. Maybe two years old models for the junior class, so the cost is cheaper if moved to 600cc liquid cooled engines. Norway has made a plan based on the American rules for Junior Novice class. Norway make decision about the rules in November and maybe test them becoming season.

Freestyle snowcross

- FSX can have Nordic Championship race on season 2017 in Finland, Ylläs Mayhem. Rules will be made based on FIM FMX rules and are in english.

7. Miscellaneous

- Since there was no Nordic championship race last winter there are no changes to rules. After season 2017 rules can be checked if anything needs to be changed.
- technical changes; Have to check RAL number to harmonize number plates to riders back
- Long time schedule for Nordic Championship
- Should have have a meeting in May to decide the dates for NC and WC before other calendars are made to each country
- Finnish rules snowcross are now also in english and have a new championship race for stadioncross. Also Pro clake change to Open class.

Racing calendar

SWEDEN

14-15.1 Arctic Cat Cup
4.2 SM veckan SuperCross Stadioncross, Söderhamn
