

# Welcome to the Nordic Championship Snowcross 2022

We are so glad that we finally can wish you welcome to a race that should have been held in 2020. In 2020 we were ready to welcome everybody, when we 14 days before the race understood that everything was closing down, and we could not hold the race. Last year we understood early that it would be difficult to get Swedes and Finnish people across the closed border. We therefore set our sight on 2022 as the year for us to be able to hold the race, and as of now, it looks like this will work well for us.

We are ready to host a race for the best athletes in the Nordic Countries, and are looking forward to having a good race the 12<sup>th</sup> of March.
